

Dry Creek Panther

# Heritage Display

**What you need:**

A family member who can help you learn about your heritage.

Reference Sources: You can find out information about your heritage from books, magazines, and online. Use your own words to describe what you have learned and what you want others to know about your heritage.

**What you will do:**

Use pictures, possible artifacts, and printed descriptions to be placed on your poster board.

**The Process:**

Decide which 4-7 topics you are most interested in learning and telling others about. Write at least one paragraph per topic and choose a picture that helps others to visualize what you are talking about. Be sure to edit your writing prior to attaching to the poster board. Have a teacher, your parent, and/or Mr. Cook, or Mrs. Porcella take a look and provide feedback.
